Demo Cost Codes — Full Guide for Client Presentation

This guide contains **20 realistic demo cost codes** covering every question type (WHITE, BLUE, GREEN, ORANGE, YELLOW, PURPLE), parent-child nesting, and all major combinations. Use this to demonstrate the full power of the estimator system to the client.

Prerequisites — Create These First

Before adding cost codes, you need these to exist in the system:

1. Cost Code Categories (Dashboard → Cost Management → Categories Tab)

Name	Slug	Step Number	Display Order
Demolition	`demolition`	1	1
Plumbing	`plumbing`	1	2
Electric	`electric`	2	3
Tile Install	`tile-install`	2	4
Glass	`glass`	3	5
Management	`management`	3	6

2. Service (Bathroom Type)

Make sure **"Four Piece"** service exists under a Service Category (e.g. "Bathroom Renovation") linked to a Project Type (e.g. "Bathroom").

The 20 Demo Cost Codes

🟤 GROUP 1 — WHITE (Assumed Scope, No User Interaction)

#1 — Standard Demolition Package

> **Type**: WHITE | Informational only, always included, no user choice

Field	Value
Code	`FP-01-00`
Name	`Demolition`
Elies	`Demo Package`
Category	Demolition
Service	Four Piece
Question Type	`WHITE`
Base Price	`800`

Field	Value
Markup	`20`
Client Price	`960` (auto-calculated)
Unit Type	`FIXED`
Step	`1`
Display Order	`1`
Is Included In Base	✅ Yes
Is Active	✅ Yes
Tips	`Existing toilet, floor tile, tub/shower surrounds, and vanity will all be removed.`
Description	`Remove existing toilet, floor tile, tub/shower surrounds including tile and backer, vanity and disconnect plumbing, and all access`

How to add: Dashboard → Cost Management → Cost Codes → Add Cost Code → fill fields above → Create

#2 — Waste Removal

> **Type**: WHITE | Always included in scope

Field	Value
Code	`FP-01-01`
Name	`Waste Removal`
Elies	`Debris Disposal`
Category	Demolition
Service	Four Piece
Question Type	`WHITE`
Base Price	`1200`
Markup	`20`
Unit Type	`FIXED`
Step	`1`
Display Order	`2`
Is Included In Base	✅ Yes
Tips	`All construction debris is safely hauled away off-site throughout the project.`
Description	`Safely and properly haul away and dispose of all construction debris off-site throughout the project.`

🔵 GROUP 2 — BLUE (Yes/No Toggle)

#3 — Relocate Toilet

> **Type**: BLUE | User toggles Yes/No. If Yes → adds $960 to estimate.

Field	Value
Code	FP-02-07
Name	Relocate Toilet
Elies	Toilet Relocation
Category	Plumbing
Service	Four Piece
Question Type	BLUE
Base Price	800
Markup	20
Unit Type	FIXED
Step	1
Display Order	10
Is Optional	✅ Yes
Tips	We can relocate your toilet up to 6 feet within the bathroom. Additional costs may apply for concrete subfloors.
Description	Relocate toilet within existing bathroom up to 6 feet. Patch subfloor after plumbing relocation is completed.

#4 — Heated Floors

> **Type**: BLUE | Premium add-on toggle

Field	Value
Code	FP-03-15
Name	Heated Floors
Elies	In-Floor Heating
Category	Electric
Service	Four Piece
Question Type	BLUE
Base Price	2200
Markup	20
Unit Type	FIXED
Step	2
Display Order	20
Is Optional	✅ Yes
Tips	Includes Schluter Ditra-Heat system with programmable thermostat. Final price may vary based on floor area and subfloor conditions
Description	Install new dedicated electrical circuit, Schluter Ditra-Heat uncoupling membrane and cable system, and standard programmable ther

#5 — LED Mirror

> **Type**: BLUE | Optional upgrade

Field	Value
Code	`FP-03-14`
Name	`LED Mirror`
Elies	`Backlit Mirror`
Category	Electric
Service	Four Piece
Question Type	`BLUE`
Base Price	`300`
Markup	`20`
Unit Type	`FIXED`
Step	`2`
Display Order	`21`
Is Optional	✅ Yes
Tips	`Hardwired LED mirror installation. Final price may vary based on wall construction and distance to power source.`

🟢 GROUP 3 — GREEN (Numeric Input — User Enters a Number)

#6 — Wall Tile Outside Wet Area

> **Type**: GREEN | User enters square footage → price = sqft × $25

Field	Value
Code	`FP-05-15`
Name	`Tile on Walls Outside Wet Area`
Elies	`Accent Wall Tile`
Category	Tile Install
Service	Four Piece
Question Type	`GREEN`
Base Price	`25`
Markup	`20`
Unit Type	`PER_SQFT`
Step	`2`
Display Order	`30`
Requires Quantity	✅ Yes

Field	Value
Is Optional	✅ Yes
Tips	`Enter the total square footage of wall area outside the shower/tub that you want tiled (e.g. behind vanity, toilet wall, accent wa`
Description	`Install tile on selected walls outside the shower or tub area. Applies RedGard waterproofing membrane prior to tile installation.`

#7 — Body Sprays

> **Type**: GREEN | User enters number of spray units → price = units × $600

Field	Value
Code	`FP-02-11`
Name	`Body Sprays`
Elies	`Shower Body Jets`
Category	Plumbing
Service	Four Piece
Question Type	`GREEN`
Base Price	`600`
Markup	`20`
Unit Type	`PER_EACH`
Step	`1`
Display Order	`15`
Requires Quantity	✅ Yes
Is Optional	✅ Yes
Tips	`Enter the number of body spray units you want installed. Each unit includes rough plumbing, diverter/mixing valve, and finish trim.`

🟠 GROUP 4 — ORANGE (Dropdown — User Picks from Options)

#8 — Tub Selection

> **Type**: ORANGE | User picks tub type from dropdown. Each option has a different price.

Field	Value
Code	`FP-02-00`
Name	`Tub Selection`
Elies	`Bathtub Type`

Field	Value
Category	Plumbing
Service	Four Piece
Question Type	`ORANGE`
Base Price	`3600`
Markup	`20`
Unit Type	`FIXED`
Step	`1`
Display Order	`5`
Tips	`Choose the type of tub you'd like installed. Alcove is standard. Drop-in and Freestanding are premium upgrades.`

Options to add after creating (Dashboard → Cost Code Options):

Option Name	Price Modifier	Is Default
`Alcove Tub (Standard)`	`0`	✅ Yes
`Drop-in Tub`	`500`	No
`Freestanding Tub`	`800`	No

#9 — Glass Door Selection

> **Type**: ORANGE | User picks glass door style

Field	Value
Code	`FP-09-00`
Name	`Glass Door Selection`
Elies	`Shower Glass`
Category	Glass
Service	Four Piece
Question Type	`ORANGE`
Base Price	`1750`
Markup	`20`
Unit Type	`FIXED`
Step	`3`
Display Order	`40`
Tips	`Standard is a frameless hinged door with stationary panel. Sliding door is a premium upgrade. Single panel gives a minimalist open-e`

Options:

Option Name	Price Modifier	Is Default
Frameless Hinged Door + Panel	0	✅ Yes
Sliding Door Upgrade	600	No
Single Panel (No Door)	-400	No

#10 — Exhaust Fan Replacement

> **Type**: ORANGE | User picks fan type

Field	Value
Code	FP-04-00
Name	Exhaust Fan Replacement
Elies	Bathroom Fan
Category	Electric
Service	Four Piece
Question Type	ORANGE
Base Price	250
Markup	20
Unit Type	FIXED
Step	2
Display Order	25
Tips	Choose the type of exhaust fan. Fan with light is the most popular option.

Options:

Option Name	Price Modifier	Is Default
Replace Fan (No Light)	0	✅ Yes
Replace Fan (With Light)	0	No
Replace Fan (No Light → With Light)	100	No

#11 — Recessed Can Size

> **Type**: ORANGE | User picks can size for new install

Field	Value
Code	FP-03-07
Name	Install New Recessed Can
Elies	Pot Light Install
Category	Electric
Service	Four Piece
Question Type	ORANGE

Field	Value
Base Price	`250`
Markup	`20`
Unit Type	`PER_EACH`
Step	`2`
Display Order	`22`
Requires Quantity	✅ Yes
Is Optional	✅ Yes
Tips	`Enter the number of recessed cans you want installed, then select the size. 6" is most common for bathrooms.`

Options:

Option Name	Price Modifier	Is Default
`6" Recessed Can`	`0`	✅ Yes
`4" Recessed Can`	`50`	No
`2" Recessed Can`	`100`	No

🟡 GROUP 5 — YELLOW (Conditional — Appears After Parent = Yes)

> YELLOW questions are **children** of BLUE parents. They only appear when the user answers "Yes" to the parent question.

#12 — PARENT: Relocate Plumbing? (Branch Question)

> **Type**: BLUE | `excludeFromExport = true` — this is a branching question only, not exported

Field	Value
Code	`FP-02-BRANCH`
Name	`Are you relocating any plumbing?`
Category	Plumbing
Service	Four Piece
Question Type	`BLUE`
Base Price	`0`
Markup	`0`
Unit Type	`FIXED`
Step	`1`
Display Order	`8`
Exclude From Export	✅ Yes (Branch only)
Tips	`Answer Yes if you want to move the location of your shower, tub, sink, or toilet.`

#13 — CHILD: Relocate Shower (appears when parent = Yes)

> **Type**: YELLOW | Child of `FP-02-BRANCH` , shows when parent = `true`

Field	Value
Code	`FP-02-04`
Name	`Relocate Shower`
Elies	`Shower Relocation`
Category	Plumbing
Service	Four Piece
Question Type	`YELLOW`
Base Price	`1200`
Markup	`20`
Unit Type	`FIXED`
Step	`1`
Display Order	`9`
Is Optional	✅ Yes
Parent Cost Code	`FP-02-BRANCH` (select from dropdown)
Show When Parent Value	`true`
Nested Input Type	`NONE`
Tips	`We can relocate your shower drain and water supply within 6 feet. Not available in high-rise buildings with concrete subfloors.`

#14 — CHILD: Relocate Sink/Vanity (appears when parent = Yes)

> **Type**: YELLOW | Child of `FP-02-BRANCH` , shows when parent = `true`

Field	Value
Code	`FP-02-06`
Name	`Relocate Sink / Vanity`
Elies	`Vanity Relocation`
Category	Plumbing
Service	Four Piece
Question Type	`YELLOW`
Base Price	`700`
Markup	`20`

Field	Value
Unit Type	`FIXED`
Step	`1`
Display Order	`11`
Is Optional	✅ Yes
Parent Cost Code	`FP-02-BRANCH`
Show When Parent Value	`true`
Nested Input Type	`NONE`
Tips	`Sink/vanity can be relocated within 6 feet. Additional costs may apply if walls are concrete or plaster.`

🟣 GROUP 6 — PURPLE (Uses Data from Previous Question)

> PURPLE questions are children that **inherit or calculate from** a parent's answer (e.g. quantity entered in a GREEN question).

#15 — PARENT: Specialty Tile Design Upgrade (GREEN — user enters sqft)

> **Type**: GREEN | Parent question — user enters sqft of specialty tile area

Field	Value
Code	`FP-05-18`
Name	`Specialty Tile Design`
Elies	`Custom Tile Pattern`
Category	Tile Install
Service	Four Piece
Question Type	`GREEN`
Base Price	`15`
Markup	`20`
Unit Type	`PER_SQFT`
Step	`2`
Display Order	`32`
Requires Quantity	✅ Yes
Is Optional	✅ Yes
Tips	`Enter the square footage of area where you want a specialty pattern (herringbone, chevron, basketweave, diagonal, mosaic inlays, Ver`

#16 — CHILD: Natural Stone Sealing Upgrade (PURPLE — uses parent sqft)

> **Type**: PURPLE | Child of `FP-05-18` , shows when parent = `ANY` , uses same sqft

Field	Value
Code	`FP-05-17`
Name	`Natural Stone Upgrade`
Elies	`Stone Sealing`
Category	Tile Install
Service	Four Piece
Question Type	`PURPLE`
Base Price	`5`
Markup	`20`
Unit Type	`PER_SQFT`
Step	`2`
Display Order	`33`
Is Optional	✅ Yes
Parent Cost Code	`FP-05-18`
Show When Parent Value	`ANY`
Nested Input Type	`QUANTITY`
Tips	`If using natural stone (marble, travertine, slate, limestone), this covers sealing and unsanded grout. Client is responsible for ong`

🔗 GROUP 7 — ORANGE PARENT + YELLOW/PURPLE CHILDREN (Full Nesting Chain)

#17 — PARENT: Low Iron Glass Upgrade? (BLUE)

> **Type**: BLUE | Parent — user toggles if they want low iron glass

Field	Value
Code	`FP-09-03`
Name	`Low Iron Glass Upgrade`
Elies	`Ultra-Clear Glass`

Field	Value
Category	Glass
Service	Four Piece
Question Type	`BLUE`
Base Price	`600`
Markup	`20`
Unit Type	`FIXED`
Step	`3`
Display Order	`41`
Is Optional	✅ Yes
Tips	`Low iron glass provides enhanced clarity and a cleaner, more transparent look — especially beautiful with light tile or stone. Applic`

#18 — CHILD: Hardware Finish Selection (ORANGE — appears when Low Iron = Yes)

> **Type**: ORANGE | Child of `FP-09-03` , shows when parent = `true`

Field	Value
Code	`FP-09-04`
Name	`Hardware Finish Selection`
Elies	`Glass Hardware Finish`
Category	Glass
Service	Four Piece
Question Type	`ORANGE`
Base Price	`0`
Markup	`20`
Unit Type	`FIXED`
Step	`3`
Display Order	`42`
Parent Cost Code	`FP-09-03`
Show When Parent Value	`true`
Nested Input Type	`DROPDOWN`
Tips	`Select your preferred hardware finish for the glass door handles and mounting hardware.`

Options:

Option Name	Price Modifier	Is Default
`Brushed Nickel`	`0`	✅ Yes

Option Name	Price Modifier	Is Default
Matte Black	150	No
Polished Chrome	0	No
Brushed Gold	200	No

🏢 GROUP 8 — BUILDING QUESTIONS (Management / Site Prep)

#19 — Building Type Selection (ORANGE — affects logistics cost)

> **Type**: ORANGE | User selects building type — price modifier added to estimate

Field	Value
Code	FP-11-00
Name	Building Type
Elies	Property Type
Category	Management
Service	Four Piece
Question Type	ORANGE
Base Price	0
Markup	20
Unit Type	FIXED
Step	3
Display Order	50
Tips	Select your building type. High-rise buildings and HOA properties may require additional coordination, access logistics, and working

Options:

Option Name	Price Modifier	Is Default
Single-Family Home (No HOA)	0	✅ Yes
Townhome or Low-Rise Condo (1–4 stories)	500	No
High-Rise Building (5+ stories)	1000	No
Home with HOA or Architectural Review	500	No

#20 — Project Management (WHITE — always included)

> **Type**: WHITE | Always included, no user interaction

Field	Value
Code	`FP-11-02`
Name	`Project Management`
Elies	`PM & Coordination`
Category	Management
Service	Four Piece
Question Type	`WHITE`
Base Price	`4000`
Markup	`20`
Unit Type	`FIXED`
Step	`3`
Display Order	`52`
Is Included In Base	✅ Yes
Tips	`Includes full project coordination: material orders, deliveries, site visits, quality checks, and client communication throughout`
Description	`Confirm scope and design details, coordinate all material orders and deliveries, conduct site visits to monitor progress, ensure q`

Step-by-Step: How to Add These in the Dashboard

Step 1 — Create Categories

1. Go to **Dashboard** → **Cost Management** → **Categories Tab**
2. Click **"Add Category"**
3. Fill in: Name, Slug, Step Number, Display Order
4. Click **Create**
5. Repeat for all 6 categories listed above

Step 2 — Ensure Service Exists

1. Go to **Dashboard** → **Web** → **Services** (or Project Management)
2. Confirm **"Four Piece"** service exists
3. If not, create it under the correct Service Category and Project Type

Step 3 — Add a Simple WHITE Cost Code (Example: #1)

1. Go to **Dashboard** → **Cost Management** → **Cost Codes Tab**
2. Click **"Add Cost Code"**
3. Select **Project Type** → Select **Service Category** → Select **Service** (Four Piece)
4. Select **Category** (Demolition)
5. Fill: Code = `FP-01-00` , Name = `Demolition` , Elies = `Demo Package`
6. Add Tips text
7. Base Price = `800` , Markup = `20` → Client Price auto-fills to `960`
8. Unit Type = `FIXED` , Question Type = `WHITE`

9. Step = `1` , Display Order = `1`
10. Check ✅ **Is Included In Base**, ✅ **Active**
11. Click **Create** ✅

Step 4 — Add a BLUE Toggle Cost Code (Example: #3)

Same as Step 3, but:

- Question Type = `BLUE`
- Check ✅ **Is Optional**
- Do NOT check Is Included In Base

Step 5 — Add an ORANGE Dropdown Cost Code (Example: #8)

1. Fill all fields as above
2. Question Type = `ORANGE`
3. Click **Create**
4. After creation, go to **Cost Code Options Tab**
5. Click **"Add Option"** for this cost code
6. Add each option: Name, Price Modifier, Is Default
7. Repeat for all options

Step 6 — Add a PARENT + CHILD (Nesting) — Example: #12 + #13

First, create the PARENT (#12):

1. Add cost code `FP-02-BRANCH` with Question Type = `BLUE`
2. Check ✅ **Exclude From Export** (branch-only question)
3. Base Price = `0`
4. Click **Create**

Then, create the CHILD (#13):

1. Add cost code `FP-02-04` with Question Type = `YELLOW`
2. Scroll to **"Nested Question Settings"** section
3. **Parent Question** → select `FP-02-BRANCH - Are you relocating any plumbing?`
4. **Show When Parent Value** → type `true`
5. **Nested Input Type** → `NONE`
6. Click **Create** ✅

Now in the estimator: `FP-02-04` will only appear when user answers **Yes** to `FP-02-BRANCH` .

Step 7 — Add PURPLE Child (Example: #16)

Same as Step 6, but:

- Question Type = `PURPLE`
- Show When Parent Value = `ANY`
- Nested Input Type = `QUANTITY`

This means: whenever the parent has ANY value entered, this child appears and uses the same quantity.

Full Question Type Reference Card

Color	Type	User Sees	When to Use
⬜ WHITE	Informational	Fixed line item, no interaction	Always-included scope items
🔵 BLUE	Yes/No Toggle	On/Off switch	Optional add-ons
🟢 GREEN	Number Input	Enter a number (sqft, units)	Quantity-based pricing
🟠 ORANGE	Dropdown	Pick from list	Tiered options (Standard/Premium)
🟡 YELLOW	Conditional Yes/No	Appears after parent = Yes	Follow-up questions after a Yes
🟣 PURPLE	Inherits from parent	Uses parent's value/quantity	Calculated upgrades based on prior answer
🔴 RED	Hidden	Not shown	Placeholder / inactive

Parent-Child Nesting Rules

Scenario	Parent Type	Child Type	Show When Parent Value
Follow-up after Yes/No	BLUE	YELLOW	`true`
Follow-up after No	BLUE	YELLOW	`false`
Follow-up after any answer	BLUE/GREEN	PURPLE	`ANY`
Follow-up after specific dropdown option	ORANGE	YELLOW/PURPLE	`{optionId}` (copy from DB)
Branch question (no export)	BLUE	any	`true` / `false`

Pricing Formula

```
Client Price = Base Price × (1 + Markup / 100)

Example:
  Base Price = $800
  Markup     = 20%
  Client Price = $800 × 1.20 = $960
  Profit     = $960 - $800 = $160  (16.67% margin)
```

`clientPrice` is **auto-calculated** by the backend when you save. You can also manually override it in the form.

Tips for Client Demo

1. Start with **WHITE** codes to show "always included" scope
2. Toggle a **BLUE** code on/off to show live price update
3. Enter sqft in a **GREEN** code to show quantity-based pricing
4. Pick different options in an **ORANGE** dropdown to show tier pricing
5. Answer Yes to a **BLUE branch** question to reveal hidden **YELLOW** children
6. Show **PURPLE** child auto-calculating from parent's input
7. Show **Building Type ORANGE** (#19) to demonstrate how logistics costs are added
8. Show the **Exclude From Export** flag — explain it controls Buildertrend Excel output
